The Stewards, having received a report from the FIA Technical Delegate, summoned the representative of the above competitor/driver, have considered the following matter and determine the following:

Facts In the pre-event scrutineering, the above competitor was not able to present a certificate for the car's safety cage, nor any evidence that the cage was installed by an agent authorised by the safety cage manufacturer.

Offence FIA International Sporting Code, Article 253-8-1

Decision Refusal to start

Reason In application of Article 31.1.8 of the 2020 FIA WRC Sporting Regulations, the competitor was given extended time until 17.00 hrs on Thursday, March 12th to obtain the missing certificate and present it to the scrutineers. As the competitor was not able to provide the document by the given deadline, the competitor is not allowed to start.

The hearing was held at 17.15 hrs on Thursday, March 12th in the presence of the competitor's representative, Team Principal Alejandro Pimentel and the FIA Technical Delegate, Jérôme Toquet. Mr. Pimentel explained that they had ordered the safety cage and installed it professionally, but that they were not aware a certificate would be needed nor that the safety cage should be installed by an authorised agent.

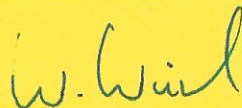

As it was not possible to certify the compliance of the safety cage without this missing certificate, the Stewards concluded that it is not safe to allow the competitor to start the rally.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the 2020 FIA International Sporting Code and Chapter IV of the 2020 FIA Judicial and Disciplinary Rules.

In application of Article 12.2.3.b of the 2020 FIA International Sporting Code, this Decision becomes immediately binding even in the event of an appeal as it concerns a question of safety
