Car 33. EVANS/MARTIN

"We had a small issue....we need to go.."

Car 11. NEUVILLE/GILSOUL

"It was okay. I had a nice clean run - a bit sliding from the rear. The temperature's dropped a lot and the tyres are cold. I managed to be efficient."

Car 17. OGIER/INGRASSIA

"You never know what can happen in this kind of rally. You need to keep driving, be careful and do the job."

Car 69. ROVANPERÄ/HALTTUNEN

"No there is something strange in the car. I have a feeling there is some problems. I was really slow."

Car 8. TÄNAK/JARVEOJA

"I have no idea. I really can't push, so I do all I can."

Car 3. SUNINEN/LEHTINEN

Slid wide and lost second place to Tänak. He trails the Estonian by 6.3 seconds. "I was trying and for me it was quite slippery stage. We went with the four hards. Now we are behind."

Car 44. GREENSMITH/EDMONDSON

"It was good. Not sure if it was the road conditions but I could not control the car at all. If that's what cleaning the road is like on the second pass, it was really horrible."

Car 20. GRYAZIN/FEDOROV

Lost over 33 seconds to Tidemand on the stage and half spun after the flying finish. "Some ditch by the water. I came quite soft and there was a normal impact and something feels broken on the front. I start to lose the brake. On the jump I was trying to brake and it feels like the tyres were locked. We need somehow to finish. I don't have brake..."

Car 21. VEIBY/ANDERSSON

"Morning loop was really good and we should be pleased with the second loop. Here I was on a safe pace. It's just sad what happened with the brakes because we could have been up there fighting for the victory."

Car 22. TIDEMAND/BARTH

"This stage was clean and good for me. We had a puncture on the stage before. The rally is never easy and that's what makes it interesting."

Car 34. MCKENNA/FULTON

Retired from the rally and has returned to the Service Park with no boot on the car.

Car 42. SURIANI/GARCIA

Retired with mechanical issues at TC14.

Car 46. NAME/ZAPATA

Retired with mechanical issues at TC13.
